SAGNIK DAS

UX Designer & Frontend Engineer

dassagnikdas1999@gmail.com | ph : 7595895302 | Greater Kolkata Area, India | linkedin.com/in/sagnik-das | **Portfolio**

SUMMARY

Frontend Engineer with 4+ years building user-facing web applications, transitioning into UX Design. Expertise in React.js, Next.js, and TypeScript combined with Figma, wireframing, and user research. Understands both sides of the design-to-code handoff — designing for feasibility and real user impact. Seeking UX / Product Design roles.

SKILLS

UX & Design	Figma • Wireframing • Rapid Prototyping • User Research • User-centered Design • Interaction Design
Frontend	React.js • Next.js • TypeScript • JavaScript • HTML5 • CSS3
Tools	Design-to-code handoff • Agile / Scrum • Cross-functional collaboration

EXPERIENCE

Software Engineer Level 2 Apr 2025 – Present

Keross R&D • Kolkata, India

- Developed responsive UI components using Next.js, React.js, and TypeScript across dashboards, customer support tools, tender management, and digital signature workflows
- Redesigned and rebuilt the customer support dashboard and ticket list — restructured information hierarchy, simplified ticket filtering, and reduced steps to resolve a ticket
- Designed tender management interfaces, simplifying multi-step procurement workflows into intuitive user journeys
- Built digital signature flows focused on clarity and trust, minimising friction through the signing process
- Made independent UI/layout decisions when design files were unavailable; identified and resolved UI bugs and optimized page performance

Key Projects — HRMS Platform

Candidate Exam & Interview	Built exam flows, result views, and interview status tracking with clear navigation for candidates and HR users
Employee Onboarding	Developed a guided step-by-step portal translating multi-stage HR workflows into an easy-to-follow interface for new joiners
Training Portal	Built a training UI for browsing, enrolling, and tracking progress across programs with a clean, distraction-free experience
Appraisal Portal	Developed role-specific screens for self-assessments, manager reviews, and ratings across complex multi-role workflows
Exit Portal	Built an offboarding checklist and clearance workflow UI simplifying the exit process for employees and HR

Software Engineer Level 1 Nov 2022 – Apr 2025

Keross R&D • Kolkata, India

Took on increasing frontend responsibilities across HRMS and dashboard products, building reusable UI components and collaborating with teammates to deliver consistent user-facing features.

Software Engineer Intern Mar 2022 – Nov 2022

Keross R&D • Kolkata, India

Contributed to production-level React.js and Next.js codebases, assisting in UI component development under senior engineer guidance.
